Disclaimer: This course diploma is subject to a quality assurance system by Ericsson. The quality assurance entails regular follow ups of the work in the area indicated above, performed by the holder of the diploma. This diploma may be revoked due to lack in performed work of conformity with set quality standards. Consequently this diploma is evidence of competence in the relevant area only when the holder of the diploma is an Ericsson employee or has Authorized Service Provider (ASP) Agreements with Ericsson and thus is subject to the quality assurance system.
